Originally from hospitality background (management trainee with the TajGroup), my natural empathy and people skills were honed with every move and new experience. Working with Dr Steven Covey, I soon learnt how each attribute can be a compliment to company ethos and success. Coming from a very academic family, and not being an honors student was a challenge, but it also taught me patience and achievement. My baptism by fire was to take over recruiting for a group that represented universities in UK, Ireland and Australia. But, I was hooked and I think, I manage to bring all these traits to the fore when talking to, counseling or just listening to the students and parents. I am proud of the sense of comfort and confidence I am able to project and convey.

Being from India, I am able to relate and understand the Indian descent parents and students and answer their concerns and issues. This has also meant a lot of networking with the diaspora to spread the word and create a tremendous awareness of our programs. This has led to more opportunities to help the companies grow with affiliations and branding.

Living in beautiful Hudson valley (god's own palette), I love being home with my almost human Boxer/ shepherd mix, taffy and my son who tolerates us both. Reading, television, especially British dramas, friends, travel and eating out are my relaxation.

Having lived in many continents and travelled extensively, I am very comfortable meeting and interacting with folks from every strata of life.

Mr. Wilson is the Executive Director of Admissions.

## Bob Gelles

College of Medicine/American International College of Arts and Sciences - Antigua

I have been involved in the admissions process for over fifteen years and, at AUA, also function as the Alumni Relations Director. I earned my Bachelor of Arts Degree at Queens College. I have been with AUA since February, 2004 when we ushered in the first class. I consider myself to be so fortunate to have spoken with our students when they first enrolled and see them graduate and begin their residencies. I cannot think of anything better than to be involved with students on both ends. I have always enjoyed speaking with prospective students about their aspirations, and aiding them as they consider our program. I truly love what I do.

I enjoy being at home and traveling with my wife. We enjoy exploring ethnic restaurants and all of the diversity that New York City has to offer as well as hiking and enjoying the outdoors.

Ms. Pomphib De Jesus, Associate Director of Admissions

## Anel De Jesus

College of Medicine/American International College of Arts and Sciences - Antigua

I have been at AUA for over 5 years, interviewing students and helping them make the exciting transition to medical school, and of course, Antigua. I hold a Master of Arts Degree in Educational Psychology. What I enjoy most about my role at AUA, is having the opportunity to meet students from all walks of life, and learn about their unique stories and experiences that have led them to pursue the challenging, yet very rewarding field of medicine.

Although I am originally from New York, I have lived in New Jersey for the past 8 years. I feel fortunate to have "the best of both worlds", as I can enjoy all of the great things that New York City has to offer, along with the tranquility of small town living. In my spare time, I enjoy watching my beloved Yankees, trying new cuisines, and short weekend getaways throughout the tri-state area.

Documental Microsoft

The image captures a vintage-style computer monitor displaying a web browser. The browser's interface includes a menu bar at the top with icons for file operations and a star icon. The address bar contains the URL "www.auamed.org/faculty/directory/administration/all". Below the address bar is a search input field with the placeholder text "Search". To the right of the search field are two status indicators: "Safe Web" with a checkmark and "Identity Safe" with a shield icon. The main content area displays a detailed profile for Ismael Vargas. On the left side of the profile is a black and white portrait of a man wearing glasses and a striped tie. To the right of the portrait, the text reads: "Ismael Vargas", "College of Medicine", "Mr. Vargas is the Associate Director of Applicant Services.", "E-mail: ivargas@auamed.org", and "Phone: 1-646-834-9148". Further down, there is a table-like summary of his information: Name: Ismael Vargas, Dept: Admissions - Applicant Services, Email: ivargas@auamed.org, and Website. In the background, other faculty profiles are partially visible, showing names like Anel D., Mamta, and Ismael. The bottom of the screen shows a Windows taskbar with a "start" button and several open application windows, including "Administration | AUA - Caribb..." and "Documents - Microsoft...".
